

melford **HERON SELF-CHECKOUT KIOSK**

15" P-CAP touch solution designed for environments with limited space

The Heron self-checkout kiosk is a small footprint solution ideal for retail, hospitality or leisure environments where space is limited.

Providing seamless transactions to improve customer experience, the Heron is available in both 4:3 (15") and 16:9 (15.6") screen ratios - featuring high brightness P-CAP touch screens and powerful processors from J1900 up to i5.

The Heron also comes with the market-leading Epson TM-M30ii receipt printer, and can be configured to include your choice of 1D or 2D barcode presentation scanner. Also included is an integrated holder for the latest semi-attended chip and PIN devices – including but not limited to the Verifone VX820, Verifone P400+, Ingenico Lane 3000 and Pax S300.

Further customisation is also available – with optional shelves for baskets, trays or carrier bags – and the ability to integrate additional capabilities like NFC, Mifare, RFID, MSR or biometrics. The Heron is also designed to meet the needs of your specific environments – with wall mounted, counter mounted or freestanding options available. Optional alternative kiosk colours or bespoke vinyl wraps can also be added to enhance your brand presence.
